

### Program Co-Directors:

Charles L. Brown, III, MD

David E. Kandzari, MD

Joseph I. Miller, III, MD

Mani A. Vannan, MBBS

### Program Committee

Robert Harrington, MD Alan Yeung, MD Jagat Narula, MD *Thomas Deering, MD*

#### Program Description and Format

##### On Our Mind:

Each of these is a 15-minute focused presentation. Expert review of both knowns and unknowns on the assigned topics and provide a platform for interactive discussion during the Q and A.

##### On My Mind:

These are 15 minute presentations. A personal viewpoint on the topic to provoke discussion.

##### On Your Mind:

These 15 minutes are dedicated to moderated audience questions and interactive discussion among presenters.

##### Patient Stories:

These are case presentations addressing the broad theme which has been outlined. Each case presentation is 15-20 minutes including questions and discussion with/among the audience and other speakers during the presentation. The presenter is encouraged to pose questions for the panel and audience to answer.

Wednesday, June 21

2:00-5:15 PM

**Heart Failure** (2 hrs and 40 minutes)

Moderator: Christopher O' Connor, MD

On Our Mind:

- Optimal Treatment of HFpEF: Guidelines and Between Lines  
*Dipanjan Banerjee, MD*
- ARNI and Ivabradine for HFREF: Not Just New But Better?  
*Randall Starling, MD*
- Sleep Disordered Breathing, Renal Disease and Obesity: Chicken or Egg?  
*William Abraham, MD*
- Mechanical Circulatory Support: Coming of Age as Destination Therapy  
*David Dean, MD*
- Cell Therapy: Silver Bullet or Fool's Gold?  
*Joseph Woo, MD*

On My Mind:

- Biomarkers for Prevention and Detection of Preclinical HF: Is there Hope?  
*Christopher O' Connor, MD*
- Will Innovations in Devices for HF Treatment Replace/Reduce Drug Treatment?  
*William Abraham, MD*

On Your Mind:

- Questions from the Audience and Discussion with all Presenters

Coffee Break (30 minutes)

Patient Stories:

- Avoiding Pitfalls in the Management of Acute Decompensation in HFpEF  
*Randall Starling, MD*
- Step-wise Decision-Making for Device Therapy in Advanced HF  
*Dipanjan Banerjee, MD*

5:30-7:00 PM

Welcome Reception

Thursday, June 22

6:45-7:30 AM

Breakfast, Registration & Visit Exhibits

7:30-8:00 AM

Course Introduction, Orientation and ACC Welcome

Charles Brown MD, Michael Valentine MD, Robert Harrington MD, Joe Cacchione MD

8:00-11:00 AM

### **Atrial Fibrillation**

Moderator: Thomas Deering, MD

#### On Our Mind:

- Stroke Risk in CHA<sub>2</sub>DS<sub>2</sub> Score 1-2 & Beyond: Population **vs.** Patient  
*Thomas Deering, MD*
- NOACs vs. Warfarin For Stroke Prevention: What Drives the Decision?  
*Oussama Wazni, MD*
- LAA Closure For Stroke Prevention: Open and Shut Case?  
*Bruce Stambler, MD*
- Rate **vs.** Rhythm Control **vs.** Rhythm Restoration  
*Paul Wang, MD*

#### On My Mind:

- The Do's & The **Dont's** in AF: Hubris **vs.** Humility  
*Bernard Gersh, MD*

#### On Your Mind:

- Questions from the Audience and Discussion with all Presenters

Coffee Break (30 minutes)

#### Patient Stories :

- **Clinical Choices: An OAC Strategy vs.** LAA Closure  
*Bernard Gersh, MD*
- **Clinical Choices: An AAD vs.** AF Ablation  
*Oussama Wazni, MD*
- Remote Monitoring: **Help or Hindrance to Treat** Rhythm Abnormalities  
*Mintu Turakhia, MD*

11:00 AM-1:15 PM

### **Cardiomyopathies**

Moderator: Bernard Gersh, MD

#### On Our Mind:

- Preventing Sudden Death in HCM: Progress?  
*Euan Ashley, MD*
- Stress CMP: Broken Heart, But Does it Mend?  
*Karol Watson, MD*

- Cancer Treatment and Cardiotoxicity: Data vs. Dogma  
*Mani Vannan, MBBS*
- Cardiac Amyloid: Unique or Ubiquitous?  
*Ronald Witteless, MD*

On My Mind:

- Genomics to Unravel High-Risk CMPs: Real Deal?  
*Euan Ashley, MD*

On Your Mind:

- Questions from the Audience and Discussion with all Presenters

Patient Stories:

- Asymptomatic LV Dysfunction after First ChemoRx Cycle  
*Ronald Witteless, MD*
- ICD for Prevention of SCD in CMP  
*Paul Wang, MD*

1:15 PM **Adjourn**

**Friday, June 23**

6:45-7:30 AM Breakfast, Registration & Visit Exhibits

7:30-8:00 AM **Repeal, Replace, Reform: ACC and the Hill and Update**  
*Richard Chazal, MD*

8:00-10:30 AM

**Cardiovascular Disease Prevention** (2hrs and 10min)  
Moderator: Robert Harrington, MD

On Our Mind:

- Calcium Score: What Does It Add to Risk Models?  
*Jagat Narula, MD*
- Bio-injectables and Personalized Prevention Strategies  
*Joseph Miller, MD*
- Novel Biomarkers and Lipoproteins For Prevention  
*Roger Blumenthal, MD*
- Reproductive Health and CV Risk:  
*Karol Watson, MD*

On My Mind:

- Atherosclerosis: Evolutionary Insights  
*Jagat Narula, MD*

- Social Media and Heart Health: Chatter, Does it Matter?  
*Mintu Turakhia, MD*

On Your Mind:

- Questions from the Audience and Discussion with all Presenters

**Coffee Break (30 minutes)**

Patient Stories:

- Risk Stratification Using Novel Markers and Imaging in Real Practice  
*Roger Blumenthal, MD*
- Risk Stratification in Post Menopausal Women  
*Karol Watson, MD*

10:30 AM-12:45 PM

**Heart Valve Disease (2hrs and 10min)**

Moderator: Martin Leon, MD

On Our Mind:

- TAVR for AS in the Young (50-59): Knife vs. Wire  
*Michael Reardon, MD*
- TMVR for Functional MR: Repair vs. Replace vs. Do Nothing  
*Paul Sorajja, MD*
- TTVR for Functional TR: Much Needed or Too Much?  
*Christopher Meduri, MD*
- Valve-in-Valve/MAC/Ring Therapies: Desperation vs. Data  
*Vinayak Bapat, MD*

On My Mind:

- Heart Valve Regeneration: The Next Frontier in Heart Valve Therapy  
*Martin Leon, MD*

On Your Mind:

- Questions from the Audience and Discussion with all Presenters

Patient Stories:

- MAC and Elevated MV Gradient  
*Vivek Rajagopal, MD*
- Recent TAVR, Elevated AV Gradient  
*Paul Sorajja, MD*
- Pacemaker and Severe TR  
*Christopher Meduri, MD*

1:00 PM      **Adjourn**

**Friday, June 23 (Evening)**

5:30-7:00 PM

**MACRA, Big Data, Big Bundles and You**

Moderators: Charles Brown, MD and Michael Valentine, MD

Panel: Richard Chazal MD, Ralph Brindis MD, Joseph Cacchione MD, Thomas Deering MD, Robert Harrington MD, William Abraham MD, Christopher O' Connor MD and Katie Lund MD

**Saturday, June 24**

6:45-7:30 AM      Breakfast, Registration & Visit Exhibits

7:30-10:10 AM

**Coronary Artery Disease**

Moderator: David Kandzari, MD

On Our Mind:

- Bioresorbable Scaffolds: A Step Forward, Back or Sideways?  
*Stephen Ellis, MD*
- Symptomatic IHD in 2020: How Will Current Clinical Trial Impact Interventions?  
*Robert Harrington, MD*
- FFR and Other Methods of Disease Significance: Clinical Applications  
*William Fearon, MD*
- Interventional Treatment for Cardiogenic Shock: Trends and Technology  
*Alan Yeung, MD*

On My Mind:

- The Surgical Turndown Patient: The Next Frontier for Complex Coronary Intervention  
*David Kandzari, MD*

On Your Mind:

- Questions from the Audience and Discussion with all Presenters

**Coffee Break (30 minutes)**

Patient Stories:

- Appropriateness and Quality Scorecards: It ***Doesn't*** Change How I Care for Patients  
*Jeffrey Marshall, MD*

- Appropriateness and Quality Scorecards: It **Does** Change How I Care for Patients  
*Prashant Kaul, MD*

10:10 AM-12:30 PM

**Urban Legends in Interventional Cardiology and Cardiac Surgery**

Moderators: Jeffrey Marshall, MD and Vinayak Bapat, MD

Patient Stories and Perspectives:

- Surgery of Primary Cardiac Tumor  
*Michael Reardon, MD*
- Balloon Valvuloplasty for Mechanical Valve Obstruction  
*David Kandzari, MD*
- OCT in ACS: More Than Meets the Eye, but What to Do?  
*Prashant Kaul, MD*
- TBD  
*Stephen Ellis, MD*
- TBD  
*Vivek Rajagopal, MD*
- TBD  
*Vinayak Bapat, MD*
- TBD  
*Alan Yeung, MD*
- TBD  
*Arthur Rietman, MD*

12:30 PM **Adjourn**
