

Piedmont Link

**A simple way to share
for better patient care**

WHY YOU NEED PIEDMONT LINK:

You no longer need to use the phone or fax – PiedmontLink provides the ability to access patient information by simply logging in to the portal.

WHAT IS PIEDMONT LINK:

Piedmont Link is the Epic application that connects medical offices who do not use Epic as their EHR to Piedmont Healthcare’s electronic health record.

It allows the end user to:

- Make and receive referrals
- Submit outpatient lab and imaging orders
- Easily access test results, progress notes, procedural notes and other pertinent health information from a patient’s Piedmont chart
- Receive post-acute care referrals electronically and accept/deny referrals quickly and easily
- Send messages to providers and other users directly from your browser

WHO NEEDS PIEDMONT LINK:

Any facility (Offices, Rehabs, SNFs, Hospitals, etc.) that is not a part of the Piedmont enterprise (including Piedmont’s Community Connect) who need easy access to Piedmont patient information.

IT’S ALL ONLINE!

The online portal provides secure, convenient access to patient information through your browser – when and where you need it. Your access is easy to setup and there is no software or hardware to maintain.
