

# 2021 IMPACT REPORT

*The Philanthropic Arm of University Health Care System*

## IMPACTING OUR COMMUNITY THROUGH:

- Patient Assistance
- Employee Assistance
- Capital Improvements
- Employee Scholarships
- Continuing Education

Laurie Ott, President,  
University Health Care  
Foundation

## DEAR FRIENDS,

As we look back on 2021, it was a year of fits and starts, opening back up and shutting back down. However, even with that uncertainty, there was a lot of good accomplished by University Health Care Foundation.

Thanks to your generosity, the Foundation supported patients, families, staff and physicians in 2021. In these pages you will see our impact on this community, made possible by the good all around us. From providing home oxygen for COVID patients (who could not afford it, yet couldn't leave the hospital without it) to funding a Pastoral Care intern (so they can expand their services to patients and staff), the Foundation made a difference in the lives of many in our community.

We have much to look forward to this year! Namely, a partnership with the state's leading health system, Piedmont Health, and the good this brings to our community. What this means for you as a donor is *all of your philanthropic dollars donated to University Health Care Foundation stay right here* in our community to help us improve the health of those we serve. This is a lot of good.

Lastly, I would like to express special gratitude to Anne Trotter, our Foundation Trustee Board Chair for the past two years. The Foundation has been blessed with amazing leadership since its inception in 1978 – but none has had to steer a ship for two years during a pandemic. From virtual Trustee meetings to two Miracle Mile DRIVES, Anne's steady hand and grace kept us focused and on track, and I cannot thank her enough for her guidance and friendship during two very unpredictable years.

Here's to 2022 and the good works you've enabled through your support of the Foundation.

Laurie Ott,  
President  
University Health Care Foundation

# 2021 HIGHLIGHTS

150 Instances of Employee Assistance

**\$119,504**

The Helping Hands Endowment at University Health Care Foundation provides assistance to employees who experience a catastrophic financial hardship (i.e. house fire, funeral expenses).

*"I just wanted to say thanks for your beautiful act of kindness. I can't begin to explain how much your help meant to me (my health and well-being)." – Arnold Bradshaw, Environmental Services*

33 Scholarships **\$66,000**

University Health Care Foundation supports career development and has several endowments and funds that support continuing education and provide nursing scholarships for current University Hospital employees pursuing advanced degrees.

187 Instances of Continuing Education  
**\$82,621**

University Health Care Foundation has 15 endowments that provide financial assistance to qualified patients undergoing medical treatment. This assistance includes everything from lifesaving medications, utility bills, transportation, mortgage payments and more – so patients can focus on getting well.

3,602 Instances of Patient Assistance  
**\$430,736**

27 Patients Received COVID Home Oxygen Assistance **\$8,100**

During the late 2021 COVID-19 surge, University Health Care Foundation provided two months of home oxygen for under and uninsured patients so they could be discharged home, freeing up hospital beds for incoming patients.

## Music Therapy for Patients & Staff

In addition to financial assistance, the Foundation supported staff and patient well-being by providing funds for harpist Nell Morris to play in various areas of the hospital. Music therapy has a calming and healing effect for both patients and staff - her music has been a bright spot to many!

*"The benefits of therapeutic music in the healing process are real, it has been my privilege to witness the power of music in the lives of patients, families and staff. Every week I hear from them how the music is calming, peaceful, and brings joy in spite of the stress of being in the hospital." - Nell Morris*

**RELAXATION ROOM**

**NOW OPEN**

**Former Hair Salon on 2nd Floor hallway before Uniform Shop**

**2** Massage Chairs & Nurse Relaxation Space **\$6,628**

We know the importance of employee wellness! With this in mind, University Health Care Foundation funded a nurse relaxation space and purchased two massage chairs - allowing nurses to take a quick break to relax and recharge.

## 2021 Grants

**It's The Journey:**  
**\$14,958**

to fund 3D mammography on the Women's Wellness on Wheels

**Knox Foundation:**

## PATIENT ASSISTANCE

Patchin Weston  
Endowment  
**\$145,295**  
for Patient Assistance

### Patchin Weston Endowment - 29 Years of Assistance

In 1993, Dr. Michael Shlaer established an endowment with University Health Care Foundation in memory of his patient and friend, Art Patchin, Jr. Art was a self-employed contractor and avid golfer who struggled financially while he battled cancer. He ultimately chose to stop his cancer treatments in order to continue working to provide for his family. Dr. Shlaer's hope in establishing the endowment was that no patient ever has to make that choice.

Thanks to our generous donors, the Patchin Weston Endowment has grown considerably in 29 years and assisted thousands of patients. In 2021, the endowment funded 505 instances of patient assistance totaling \$145,295 - this includes purchasing medication, paying utility bills or housing costs and transportation to medical appointments.

## Golfing for Patients

Raised for Harry W.  
Jernigan Cancer  
Center Renovation  
**\$250,000**

Thank you to all of our sponsors, donors and volunteers who helped make the 35th Jernigan Memorial Golf Tournament a success! 74 teams squeezed in 18 holes between storms, and close to \$250,000 was raised to help fund the renovation of the Harry W. Jernigan Cancer Center at University Hospital. Congratulations to the Resource Corporation of America four-some for taking 1st place in the tournament, and Augusta Office Solutions beat some tough competition to win Best Hole Display.

## Driving for Survivors

University Health Care Foundation held the 21st Annual Miracle Mile on Saturday, October 16, at University Hospital Summerville campus. Because of Covid safety concerns, in late September our traditional three-mile fun

walk was changed to a drive-through donation drop-off event - and it was a huge success! Over 600 cars drove through filled with survivors, friends and family. It was a morning full of celebrating and cheering on breast cancer survivors, the newly diagnosed to 20+ years cancer free, and honoring those who are no longer with us. The Miracle Mile DRIVE raised more than \$412,000 - that's almost a record breaking year for this annual breast cancer event! The Miracle Mile Walk supports University Hospital's Breast Health Services and Women's Wellness on Wheels mobile mammography unit. Since 2002, the mobile unit has traveled over 260,000 miles across 23 counties in Georgia and South Carolina, provided over 72,000 screening mammograms and detected 344 breast cancers. Thanks to 21 years of Miracle Mile Walk support, we are able to keep the mobile on the road in underserved areas and fund mammograms for under and uninsured women in our community.

**GIVING TUESDAY**

Giving Tuesday Raises Funds  
for Pastoral Care Program

**\$12,285**

Giving Tuesday is a day where nonprofit organizations around the world celebrate the work they do and partner with their donors to make a lasting impact on their organization.

This year University Health Care Foundation took this opportunity to raise funds for University Hospital's Pastoral Care program. This dedicated group of men and women come alongside our patients, their families, and our staff as they navigate through difficult situations. They are the listening ears, shoulders to cry on, helping hands and a large group of unsung heroes in our hospital.

The money raised through Giving Tuesday will help them expand their services, participate in additional training and purchase resource materials for patients, staff, and families. Thanks to our generous donors we raised \$12,285 for the Pastoral Care program.

*"Walking alongside a patient and their family during the last days of their life is what I feel called to do. Some don't understand it, but to be a source of comfort, reassurance, and understanding during the most difficult time in a family's life is what I am passionate about. My job is not to persuade a patient to make an end-of-life religious decision based on my beliefs. My job is to make the patient and their family feel comforted and prepared for what is going to happen in this life." -Debra*

*"This group of Chaplains have taken events and experiences that have happened in their own lives and used those to relate to their patients. I think they speak life into people, whether it is in this life or whatever your perception is of the next life. It is a privilege to learn from them and work alongside them. They do so much for everyone else and it would be an honor to see them receive donations in support of their program." -Kathi*

# 1818 Celebration

Since 1978, University Health Care Foundation has raised millions of dollars to support University Hospital, its staff, physicians and patients. As you've seen in this 2021 Impact Report, last year our donors contributed to patient and employee financial assistance efforts, scholarships and continuing education for staff, mammograms for hundreds of women, renovation of the Jernigan Cancer Center and our Pastoral Care program - all of which are part of our mission to improve the health of those we serve.

At the end of each year, it is our pleasure to gather with and thank our most generous donors at the 1818 Society Celebration. In December 2021, Dr. & Mrs. Jed Howington hosted the 1818 Society Celebration and it was the perfect evening to say "thank you," and celebrate the impact our donors have on our hospital.

For more information on the 1818 Society and how to support the Foundation and our efforts, please contact [Foundation@uh.org](mailto:Foundation@uh.org) or call (706) 667-0030.
