At Piedmont, we treat the patient – not just the disease. Because cancer treatment involves more than medical care, free services and programs such as yoga, cooking demos, expressive art classes and counseling are also available to anyone affected by cancer at any phase in his or her journey through Cancer Wellness at Piedmont, regardless of whether or not they are a Piedmont patient.

Each month, hundreds of cancer patients, survivors and caregivers look to Cancer Wellness at Piedmont for support. To view the class schedule for all of our locations, visit piedmont.org/cancerwellness.

Finding Your Passion in the Creativity and Wisdom of the Sacral Chakra
We invite you to rediscover the energy of your passions for living, loving, and creating. We find an ease in experiencing peak moments in physical and relational interactions with others and ourselves; we easily give and receive nurturing and find we are simply free to be our lovable selves, yet when “Chi” is blocked in our Sacral Chakra, giving love and nurturing and accepting love and nurturing is deeply diminished as is any energy for creative flow.
