

# Piedmont Newton Fact Sheet

## OUR PURPOSE, OUR PROMISE:

To make a positive difference in every life we touch.

## WHO WE ARE

Piedmont Newton Hospital is a 103-bed, acute-care, community hospital in Covington, Georgia offering 24-hour emergency services, women's services, a six-bed special care nursery and general medical/surgical services. Serving Newton County and surrounding communities for over 60 years, Piedmont Newton Hospital offers high-quality, patient-centered care. As a not-for-profit organization, hospital earnings go directly back into maintaining and improving services and facilities and to educational outreach.

In May 2019, Piedmont Newton completed a \$10 million expansion and renovation of the Emergency Department. The project doubled the department's capacity from 16 beds to 32 beds, created an additional nurses' station, and a room for higher acuity trauma cases.
