

Piedmont Columbus Regional Fact Sheet

OUR PURPOSE, OUR PROMISE:

To make a positive difference in every life we touch.

WHO WE ARE

Piedmont Columbus Regional dates back to 1836 when the local hospital was a small building on the Chattahoochee River. It is now the region's healthcare leader, offering compassionate care and an unwavering commitment to patients.

Piedmont Columbus Regional and its two hospitals - the Midtown and Columbus Regional Medical Group's 75 physicians with 30 locations and a patient volume of 275,000 patients annually - joined the Piedmont family in March 2018.

Midtown Campus is a 583-bed, acute care hospital and features a regional Level II trauma center and is one of only six perinatal centers in the state with a Level III neonatal Intensive Care Unit and a full-service pediatric intensive care unit. The Midtown Campus is the only Piedmont facility with a Children's Hospital, and has been home to the Family Medicine Residency Program since 1972. The nationally recognized program, which was the first of its kind in Georgia and one of the first in the Southeast, has graduated over 500 family physicians.

Northside Campus is a 100-bed, acute care hospital specializing in an extensive range of surgical and emergency services, physical rehabilitation and state-of-the-art sleep lab.

Piedmont Columbus Regional has garnered national acclaim in clinical quality, patient satisfaction, stroke care, oncology and pediatrics. Piedmont Columbus Regional is also the lead agency for Safe Kids Columbus.
