PGY-1 Pharmacy Residency Criteria

- Licensed or eligible for licensure in the State of Georgia
- Graduate of an ACPE-accredited school of Pharmacy
- Doctor of Pharmacy degree is required
- Current registration with ASHP Matching Program
- Clear criminal background check
- Clear health screen

Note: All residents are encouraged to sit for the Georgia Board of Pharmacy exams by mid-June and be licensed in the state of Georgia by September of their residency year.

Submission of Application Materials

- All applicants must register with Pharmacy Online Residency Centralized Application (PhORCAS) and complete the application process. You will be asked to provide the following:
 - Current Curriculum Vitae (CV)
 - Letter of intent
 - Official pharmacy school transcripts
 - Three professional references ***A minimum of two references must be from individuals able to speak to clinical problem solving in direct patient care experiences.*
- An in-person interview at Piedmont Atlanta Hospital is required

All applications are due by January 5 of the year you wish to begin the program.

***Please note that the residency start date will begin with hospital orientation in mid-late June.*

Residents must have legal clearance to work in the U.S., whether through citizenship, permanent resident status or a work VISA extending through the end of the residency program. Piedmont is not able to sponsor VISA applications for pharmacy residents.
