WHO WE ARE
Piedmont Newton Hospital is a 97-bed, acute-care, community hospital in Covington, Georgia offering 24-hour emergency services, women’s services and general medical/surgical services. Serving Newton County and surrounding communities for over 60 years, Piedmont Newton Hospital offers high-quality, patient-centered care. As a not-for-profit organization, hospital earnings go directly back into maintaining and improving services and facilities and to educational outreach.

HIGHLIGHTS:
Piedmont Newton Hospital joined Piedmont Healthcare on October 1, 2015, expanding the health system’s high quality of services and professionals to the residents of Newton County and surrounding areas.

As a Certified Quality Breast Center, the hospital is on the leading edge with a Nurse Navigation Program. The hospital also stands out for its Athletic Training Program that employs a full-time athletic trainer at each high school in Newton County and Social Circle.
